Development

MEWE Leadership Development Model is developed based on the well-adopted Social Emotional Learning framework around the world. The 4 CORE Learning Areas are well-known pedagogies/strategies to develop soft-skills/life-skills which can be applied to one's personal leadership development journey.

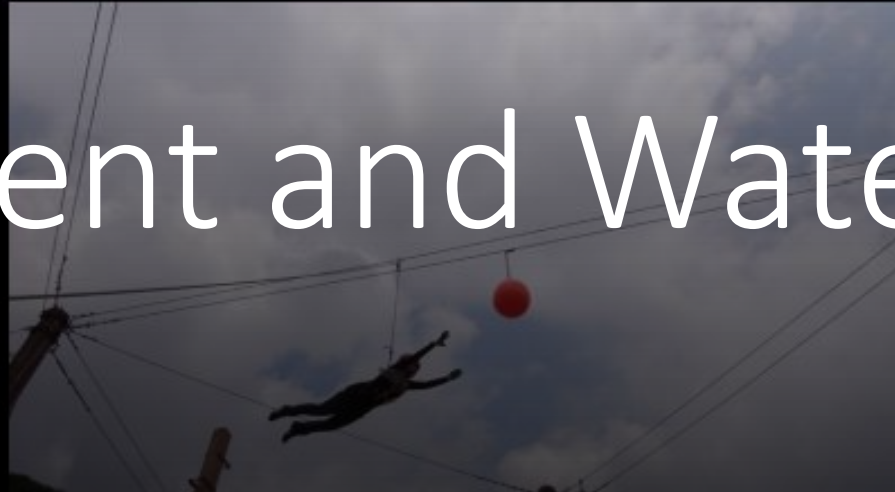

Introduction

In land-scarce Singapore, carrying out exciting outdoor teambuilding programmes is a challenge. Partnering Active Bugs to provide fun, exciting and unique teambuilding and soft-skills development activities in Malaysia is a natural progression for Core Enterprise. Both companies firmly believe Experiential Learning approach is key to effective learning.
