# Hanging Desk Organiser

**Space redefined.**

Introducing Ditto's Hanging Desk Organiser that  
creates space for students.

Ditto's Hanging Desk Organiser was created to solve present problems and meet future challenges in classrooms, homes and offices.

### **Portable**

Folds quickly to be tucked or carried away

### **Practical**

Easy setup, water resistant, and lightweight

### **Compact**

Expands space without being obtrusive

### **Functional**

Stores books, worksheets, stationery, and digital devices all within reach

### **Organised**

Reduces clutter; Boosts efficiency and productivity

### **Personalised**

Invokes a sense of ownership and responsibility

---

### **Covid-19 Safe Management Measures**

Reduce contact among students as fewer books are placed on shelves and lockers

### **Personal Learning Device (PLD)**

Students can place their PLDs in the pockets and secure them with personal locks

Designed with students in mind, Hanging Desk Organiser creates storage spaces around the desk for them to utilise. With books, files, stationery, and devices neatly organised, students are able to store and retrieve them quickly with ease.

### A5 Folder

For timetables, to-do lists, motivational quotes, formula tables

### 4 Small Side Pockets

Stores exercise books;  
3 books per pocket

### 2 Internal pockets

(located in top 2 Side Pockets)  
Stores calculators,  
phones, stationery

### 2 Large Front Pockets

Stores laptops, tablets,  
writing paper, A4 folders

The pocket on the left can be  
closed and locked with a  
small padlock deter theft

Hanging Desk Organiser is designed to be easily assembled by students, secured firmly onto the table with 4 industrial velcro-strips.

## Assembly Instructions

Underside

Fits all standard classroom desks in Singapore.

When it's time to pack up, Hanging Desk Organiser folds away neatly and snugly under the desk.

## Dimensions

A **strap** to wrap it for storage

*\*We can customise Hanging Desk Organiser for your school's desks if it differs from the standard sizes. Rates are dependent on the quantity you order.*

Made from 100% Polyester Felt,  
Hanging Desk Organiser comes in 2 colours:

## Care and Maintenance

Do not iron. Do not machine wash. Do not dryclean.  
Do not tumble dry. Hand wash only.

Soak the product in warm water and put some detergent on the  
dirty area. Rub it gently with your hands or with a soft brush.

Use your palms to push out as much water as possible, taking care  
not to crumple or damage the product. Spread it out to dry.

## How it started

I remember the spark came when I was invigilating a class during an exam as a Relief Teacher. A student had accidentally kicked a water bottle on the floor which gave everyone a shock in the quiet room. While invigilating, I began thinking about the other problems students and teachers were facing with the desk which has not changed since I was in Primary School 40 years ago! Furthermore, the needs of pupils are changing and the curriculum evolving. Thus, I started exploring ideas to create more desk space for students by allowing them to hang their books and water bottles at their tables.

First Prototype

Taken from <https://medium.com/swlh/how-to-use-design-thinking-in-the-ux-design-process-e33c4f11a6be>

In retrospect, the whole process starting from the Spark to the final production reminds me of the Design Thinking process. The initial idea and design changed along the way as I formed a team and got the prototype tested out. Through feedback and discussions, we improved our design and made it unique, useful and user-friendly.

It would be my pleasure and honour to share my experience (and others) with your students/staff and relating Design Thinking (theory) to their daily (and future) encounters with problems/issues around us.

Roger Tan,  
Creator of Hanging Desk Organiser
